Cynthia,

The press person is talking about SOP for water samples. The water samples were collected by USGS for their analysis. Art smith requested that USGS collect some split water samples to ERT to perform analysis for 4-MCHM. Please contact Art Smith of Region 4 for results and location of the Samples.

Thanks.

-Raj

The samples were **not** from WV

Hey Lora and Cynthia,

My name is Alanna and I'm a reporter for WOWK in Charleston. I am hoping to ask about an SOP conducted by Raj Singhvi for 4-MCHM in late January. What is the purpose for a SOP method and what were the results of this endeavor?

Please give me a call back at your soonest convenience. Thanks. My deadline is at 2;30.
